

New C.STIM® IPL Innovations

January 29th, 2026

Dear Partners,

We are thrilled to announce the official worldwide launch of the latest innovations for C.STIM® IPL, designed to deliver greater precision, enhanced safety, and simplified workflows for dry eye treatment.

Controlled precision for sensitive areas

New Handpiece with Two Dedicated Tips for Targeted Treatment

- Treat all areas: large, small, and delicate zones with optimal precision
- Simplified workflow: quick clip-on tips without changing the handpiece
- Banana-shaped tip (30 mm x 5 mm): specially designed for periorcular treatment – unique on the market
- Round tip (6 mm diameter): ideal for small and sensitive areas for precise treatment
- Tips are compatible with the current handpiece

Available as an optional kit (sold together, not individually)

Order code: MK-CSTIM-TIPS-1

C.tips HOLDER

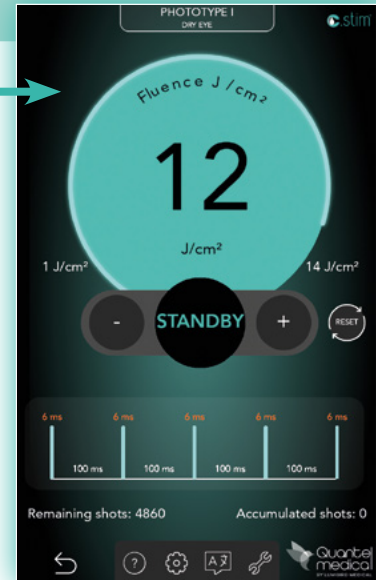

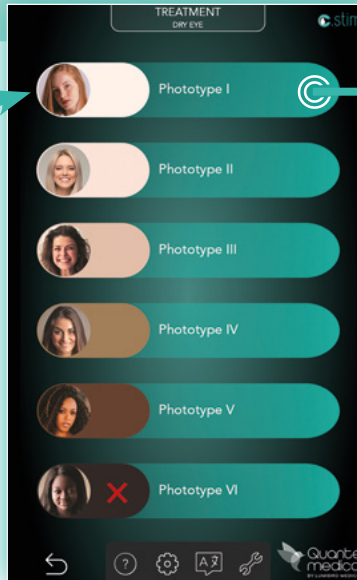

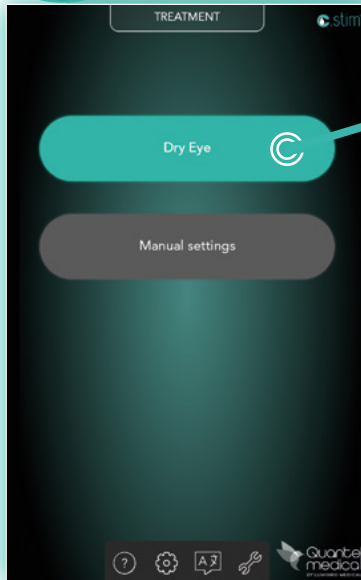

- All C.Stim units ordered from today onward (starting from serial number 9-04-048) are supplied with the C.tips HOLDER by default.
- For C.Stim units with a serial number below 9-04-048, the C.tips HOLDER must be ordered separately. **Order code: RM120530**
- The C.tips kit is optional and must be ordered separately. **Order code: MK-CSTIM-TIPS-1**

NEW IPL SOFTWARE: SAFETY, SPEED, SIMPLICITY

• Dry Eye Parameters from Dr Toyos:

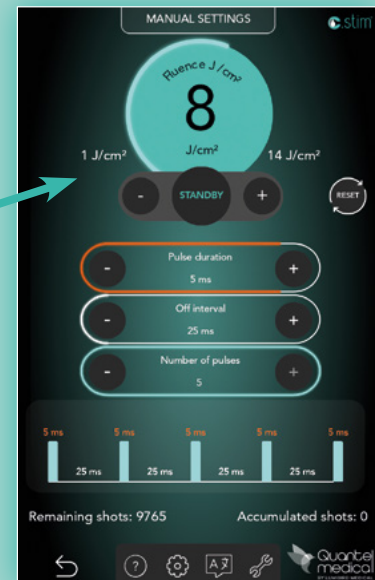

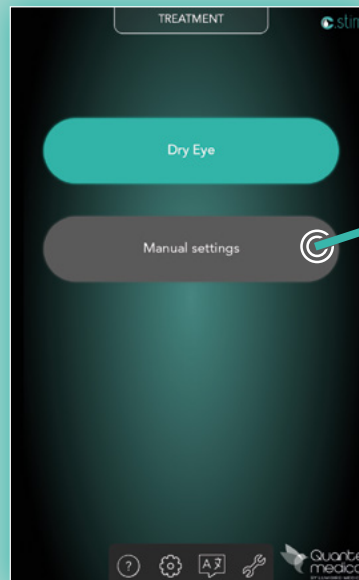

- o Pre-set protocols by phototype, developed with Dr. Rolando Toyos (USA), ensuring safety, efficacy and comfort for all skin types
- o Simplified workflow: quick and easy sessions

- **Manual Mode for Advanced Users:** full customization (fluence, pulse duration, interval, number of pulses) to adapt to validated or specialized protocols

- **Languages:** the new IPL software is now available in 8 languages, including the newly added German: **English, French, Spanish, Portuguese, Polish, Japanese, Italian, and German.**

All C.Stim units ordered from today onward (starting with serial number 9-04-058) will be delivered with the new software version 1.01.00

COMPETITIVE ADVANTAGE

Our new tips and software set C.STIM® apart from competitors, offering unmatched precision and flexibility compared to Optilight, Lumecca, Thermaeye, E-Eye, Eye-light.

MARKETING KIT AVAILABLE

To support your communication and promotion, we provide a complete Marketing Kit, including:

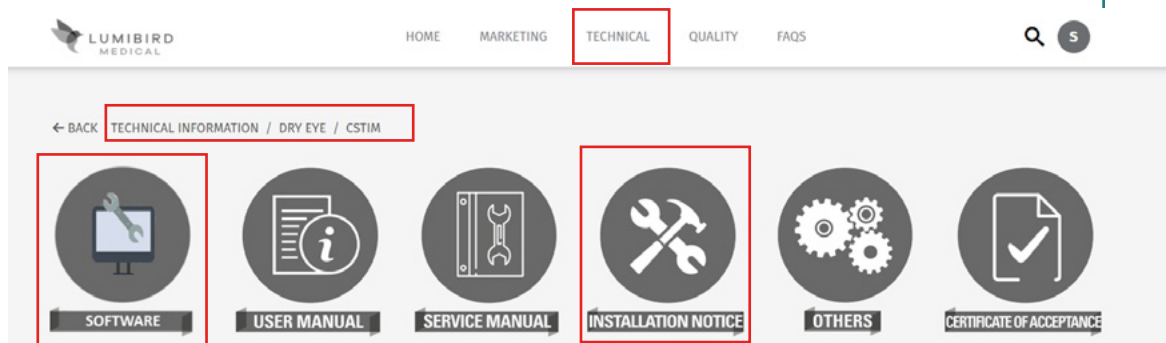

These materials will help you showcase the new features and educate your customers effectively. Available on **MyLumiSpace**.

1. **Brochure** in English (Spanish and French in progress)
2. **Quick Start** in English, French and Spanish
3. **Promotional video** in English, Spanish and French
4. **Treatment Guidelines** in English, French and Spanish
5. **PPT product and competition presentations** in English

SOFTWARE UPDATE INSTRUCTIONS

The update software file is available free of charge, as well as the installation notice, in the Technical section of your **"MyLumiSpace"** extranet account, accessible from a computer.

Please download the two update files and copy them directly to the root directory of a USB flash drive (do not extract the files).

If you have any questions, please contact: qmservice_dryeye@quantelmedical.fr

GLOBAL LAUNCH TIMELINE

End-February 2026: Full stock of tips available.

The price list will be provided by the Sales Administration department.

These innovations give you a competitive edge, strengthen our market position, and allow you to offer your customers even more effective solutions.

Best regards,
Sales & Marketing Team
